Township Register

FIFTY-FIVE YEARS OLD — THE TOWNSHIP REGISTER, NILES, CALIFORNIA — THURSDAY, NOVEMBER 4, 1943 — NUMBER 45

WITH THE ARMED FORCES

CORP. FRED W. JOYCE TRAINS IN NEBRASKA

Alvarado, Calif.
Oct. 28, 1943

Dear Sir:

Through the suggestion of friends, and relatives, who take your paper I am writing to give you the correct information concerning our son FRED W. JOYCE JR. who is now with a Bomb Squadron (H) in Kearney, Nebraska. His rating is corporal and has been for the past three months.

On finishing his training at Fresno, he was assigned to this group, and classified as a skilled engine mechanic having been trained for this particular work at Boeing School.

He is receiving your paper as a gift from a friend, and she felt I should notify you of his present location, and status.

Respectfully yours,
Mrs. Fredrick W. Joyce

— V —

GOLD STAR MOTHER

Correcting the statement published in last week's Township Register that Mrs. Mary Rose was the Township's only two war mother, we add the name of Mrs. Mark Crane of Niles, who lost a son WILLIAM in the first world war and now has another son, RAYMOND fighting in this war. No doubt there are other gold star, two-war mothers living in the Township.

— V —

DOG TRAINING

Pvt. JULIUS PINE of Niles is finishing his dog training at Fort Robinson, Nebraska and expects to be returned to his former station at Casper, Wyoming, wearing sergeant's stripes. A number of colored men are now stationed there, he says. His brother WELDON is on a destroyer doing convoy duty out of New York.

SAVE YOUR DEER HIDES FOR LEATHER

Deer hunters should note that in accordance with the provisions of Section 1290.5 of the Fish and Game Code, deer hides may be diverted to the normal channels of trade to be made into leather for use of the armed forces. In most instances taxidermists and hide buyers will handle these skins. They may either be sold or donated for the use of the armed forces, in which event the provisions of Sections 1288 and 1289 of the code, which provide that hides must be kept in possession for ten days after the close of the season, are waived.

A circular has been printed by the Division of Fish and Game on the care of skins. These directions should be followed so that the hides will be properly preserved and in good condition for the use to which they are put.

LAST RITES HELD FOR RESIDENT OF NILES

Manuel Enos, 50, died at his home on Santos Road Tuesday and was given final rites at the Berge Mortuary Co. parlors here Friday morning at 8:30 o'clock.

Mass was said at the Holy Ghost Church and interment was made in the Holy Ghost Cemetery. The rosary was read at the funeral parlors Thursday night at 8 o'clock.

He was the husband of Elvira and the father of Adolph and Mildred; the brother of Mrs. William Vierra of Merced, Frank Enos of Oakland, Joe Enos of Fresno and John Enos of Agnew. He was a member of the Centerville K. C. Council and the Niles S. E. S.

RIFLE INSTRUCTION

MISSION — The Tangle and Twist club's shooting experts are instructing the boys at Washington Union High school in the use of rifles and firing practice is to be held once a week at the club's rifle range near the P. G. & E. substation. Directing the instruction are Robert P. Hunt, Marston Dassel, A. M. Hallstrom, Albert Silva and Walter Steinmetz, all rifle experts.

FDR says:

Payroll savings is our greatest single factor in protecting ourselves against inflation.

TOWNSHIP LEGION POST APPOINTS NEW COMMITTEES

Joseph F. Corey, Irvington fire chief conducted his first meeting as commander of the Washington Township post, American Legion Wednesday night of last week in Memorial hall at Niles with 14 members present.

The membership voted to hold a stag turkey dinner on Armistice Day next Thursday for members only. In the absence of Adjutant Frank X Veit, Comrade Marston Dassel served as adjutant and read off the following committee appointments for the 1943-44 year:

Membership, Walter Waynflete, chairman; John M. Alves, Harold Houghton, Joseph F. Corey, M. P. Mathieson, Manuel S. Brazil, John E. Dutra, Fred Rieder, Joseph F. Perreira, Joseph S. Brown, A. M. Hallstrom.

Sick and Funeral: John E. Dutra, chairman; M. P. Mathieson, Joseph F. Corey, Arthur W. Cotton, Frank W. Madruga, A. M. Hallstrom, Dale V. Carithers.

Sons Squadron: Sam A. Scott, chairman; Joseph L. Furtado, Everett E. Hammond, Joseph G. Duarte, H. Houghton, Geo. L. Smith (Drum Corps), A. J. Cadero (Drum Corps), Anthony Clark, (Bugle Corps).

Entertainment: Joseph F. Perreira, chairman; Fred Rieder, W. L. Martenstein, M. C. Dassel, Dale V. Carithers.

National Defense Committee: Walter Waynflete, chairman, M. F. Swartz, Harold Houghton, Geo. S. Roderick, E. D. Bristow, Jack Vieux, John E. Dutra, Geo. L. Smith, Arthur W. Cotton.

Naval Affairs: A. M. Hallstrom, M. C. Dassel, E. D. Bristow.

Military Affairs: R. L. Peterson, Frank X. Veit, F. R. Mendonca.

Air Cadet: Joseph G. Duarte, E. E. Hammond.

Marine Corps Recruiting: J. R. Nunes, John W. Myers, J. L. Furtado.

Child Welfare: Arthur W. Cotton, chairman; Manuel S. Brazil, John T. Amaral, John D. Galvin.

Subversive Activities: Jack Vieux, chairman; E. D. Bristow, A. M. Hallstrom, Harold Houghton, John V. Goold.

Official Buglers: Anthony Clark, Manuel Nunes Silva.

Firing Squad: D. J. DeLuce, chairman; Manuel S. Brazil, Arthur W. Cotton, R. L. Peterson, John T. Amaral.

Community Betterment: John V. Gould, chairman; R. L. Peterson, Frank X. Veit, R. A. Griffin, Arthur W. Cotton.

Conservation: H. C. Mikkelsen, chairman; Joseph F, Corey, J. H. Callow, A. M. Hallstrom.

Rifle Custodian: Joseph F. Perreira.

Service Officer: Dr. William L. McWhirter.

Special Entertainment and Distinguished Guests: Geo. L. Smith, chairman; Jack Vieux, W. L. Martenstein, Fred Rieder, J. F. Perreira, M. P. Mathiesen, M. C. Dassel.

Publicity: Walter Waynflete, chairman; John E. Dutra, Frank X. Veit.

Constitution & By-Laws: Frank X. Veit, chairman; Geo. L. Smith, M. P. Mathiesen, Arthur W. Cotton, Jack Vieux.

Boy Scouts: Loren C. Marriott, chairman; Everett Hammond, Joseph R. Nunes, Roland Bendel.

Americanism: E. Dixon Bristow, chairman, John V. Gould, Fred Rieder, John E. Dutra, Jack Vieux.

Unemployment: A. M. Hallstrom, chairman; Walter Waynflete, R. A. Griffin.

Disaster & Relief: M. P. Mathiesen, chairman; Dr. Geo. S. Holeman, L. C. Marriott, M. S. Dassel, Dr. William L. McWhirter.

Boy State: John V. Gould, chairman; John E. Dutra, Sam Scott.

Civil Defense: Jack Vieux, chairman; John E. Dutra, Joseph Corey, Fred Rieder.

Civilian Morale: Arthur W. Cotton, R. A. Griffin, E. D. Bristow, Dale V. Carithers, Wm. McWhirter, Joseph S. Brown.

Defense Bond & Stamp Sale: Walter Waynflete, M. P. Mathiesen, Geo. S. Roderick.

Merchant Marine Affairs: Roland Bendel, Fred Rieder, John T. Amaral.

USO "KAYOES" BOREDOM

DURING convalescence at St. Alban's Naval Hospital on returning from Guadalcanal, Sgt. Barney Ross, U.S.M.C., former world's lightweight and welterweight champion, was visited by high school pupils, bringing him a scrapbook and a pair of wooden shower sandals made at their school for the USO. USO, a participant of the National War Fund—a united war chest of war related appeals—encourages such activities as providing recreational and comfort articles for service men, as an excellent outlet for teen-age energy.

LIONS CLUB TO HAVE SPEAKER NEXT TUESDAY

Industrial leaders of the West are looking at the post-war problems of this area with realistic optimism, do not fear the end of the war, or anticipate a debacle of reduced production and mounting unemployment, according to Hugh A. Matier, public relations representative of Union Oil Company, who speaks to the Centerville Lions Club on November 9.

The war, Matier points out, has accelerated the development of the West, accomplishing in the past three years what probably would have taken two decades. "We now have all the factors which are essential to the building of a vast industrial structure: tremendous quantities of cheap power, plant capacity, manufacturing experience, cheap transportation, and, for the first time, an ample supply of skilled craftsmen. Industry in the past has analyzed the West Coast market and passed it up as a manufacturing center because of lack of skilled labor. Now we have plenty of that," Matier emphasized.

Matier also pointed out that the attractions of the Alcan Highway, on which he is an authority, and the Pan American Highway are going to funnel hundreds of thousands of tourists into West Coast markets for years after the war ends.

COUNTY OLD AGE AID INCREASES

Old age aid rolls in Alameda county listed 7,492 people for August compared with 7,231 for June, study of changes in old age aid cases in California counties just completed by California Taxpayers' association, shows June was the last month before the increase in maximum aid from $40 to $50 and other liberalizations in old age assistance by the legislature went into effect.

Average aid per person went from $35.77 for June to $45.29 in August, with total cost to the federal, state, and county governments jumping from $258,641 for June to $339,313 for August.

The county share of the cost went down from $64,512 for June to $32,543 for August, while the State's share skyrocketed from $64,808 to $163,331 and the federal government's share went from $129,321 to $143,439, the association found.

A county road crew on Saturday cleaned and gravelled the curbs on Main street in Niles.

STATE SURPLUS NEARLY REACHES HUNDRED MILLION

State Controller Harry B. Riley today announced that the state's General Fund cash excess over current obligations was $99,105,545 at the end of September, 1943. This is an increase of $2,540,930 over the cash excess at the end of the preceding month and more than double the excess of $46,277,112 on September 30 a year ago.

General Fund revenues deposited in the State Treasury during the first three months of the present fiscal year totaled $65,514,247, an increase of $7,033,246, or 12.03 percent over the same period last year.

General Fund expenditures during the first three months of the present fiscal year, as announced by Riley, totaled $50,695,116,—an increase of 24,186,279 over the corresponding period last year. The major portion of this increase, however, said Riley, was caused by the transfer to the Highway Fund of $13,500,000 appropriated by 1943 legislation for surveys and rights-of-way for post war highway construction.

Another major increase totalling $6,853,369 occurred in the cost of aid to aged. This increase, said Riley, is due almost entirely to the increased proportion of this aid which is borne by the state as a result of 1943 legislation.

PRIVATE RITES HELD FOR WIFE OF DENTIST

CENTERVILLE — Private funeral services were conducted here for Mrs. Juliet Scannavino, 50, wife of Dr. John A. Scannavino, San Francisco dentist She died suddenly of a heart ailment while visiting relatives in Niles.

In addition to her husband she is survived by three sisters, Maria Antonia Viales of Nicaragua, Lupe Chase and Concepcion Torres of Niles. Services at the Chapel of the Palms were followed with mass at the Corpus Christi Church and interment at the Holy Sepulchre Cemetery.

Mrs. Scannavino was active in the California Horticultural Society and was said to have one of the largest collection of rare plants to be found in California.

CLASS WINS CONTEST

CENTERVILLE — The annual song and yell contest at Washington Union High School was won by the sophomores led by Bobby Rose of Irvington, over second place juniors captained by Wayne Calhoun of Niles.

LITTLE MORE RAIN

J. Pluvius has been on the job off and on for the past two weeks, depositing a little more moisture in the raingauge maintained by the staff at the Southern Pacific depot in Niles. The figures follow: October 18, .11; October 20, .09; October 21, .40; October 27, .30 and October 28, .04, for a total of .94 of an inch to Saturday of last week.

DIM-OUT LIFTED

The third civilian activity to be relieved from war-time restrictions occurred Monday when dim-out regulations were lifted from all the coastal areas of these United States.

The first relief was given when the Air Warning Service was skeletonized; the second when weather forecasts again could be published. Now automobiles may be driven on high beam anywhere; householders may leave their shades up at night and may use their porch and yard lights.

Store windows may be left lighted at night and neon signs may be used; street and traffic lights may be used unshielded. The only "but" in the cessation of the dim-out laws is that all exterior lights must be so controlled that they may be extinguished the moment an alert preceding a blackout is sounded.

The dim-out has been in effect here since August of last year, or nearly 15 months. Folks are accustomed to dark business streets at night, but with the lifting of the dimout restrictions the Christmas season in the downtown districts of our cities and towns will be a much gayer affair this year.

One has not yet learned whether outdoor Christmas trees can be lighted this coming Christmas season or not.

NILES MENS CLUB ENJOYS LADIES NIGHT THURSDAY

Thirty five men and their ladies enjoyed a gay evening Thursday night of last week when the Men's Fellowship club held ladies night and a box social in the Guildroom at the Niles Congregational Church.

The tables were prettily decorated in the Hallowe'en motif by Reverend and Mrs. D. Q. Grabill. Numbers were drawn at the door to secure partners for the dinner with Fred Duffie presiding.

Community singing was led by program chairman E. F. Glassbrook with Dwight Thornburg at the piano. Prizes were awarded in a joke contest and introductions were made all around.

The next meeting will be held on Thursday night, November 11 with Reverend Grabill and George Bonde appointed to provide the program and the Christmas jinx was set for December 16, again to be ladies night—but no box social.

COUNTY REDUCES 1944 TAX RATE

The $1.19 county-wide tax rate for Alameda county for 1943-44, is down 10 cents from the $1.29 rate levied for 1942-43, study of county-wide tax includes all rates levied on all property throughout the county, the association said.

The county is one of fifty counties in California in which the county board of supervisors reduced the county-wide tax rate for 1943-44, the association found Only five California counties showed increases in the rate for county-wide purposes, while in three counties the county-wide tax rate showed no change from the rate levied for 1942-43.

14,149 DEER TAKEN

SAN FRANCISCO — As of October 8, a total of 14,149 deer had been reported taken so far this season. Five counties have reached the thousand mark or over. Modoc county is leading with a reported kill of 1,238 deer; Tulare follows with 1,216; then Siskiyou County, accounting for 1,212; Plumas, 1,053 and Fresno with 1,006. The last day of deer hunting in the Sierra districts was October 15.

WAR CHEST DRIVE GOING ON

Active solicitation in the War Chest Campaign began last Monday, November 1, throughout Washington Township. Chairman Ed Enos at Niles announces. Solicitors cards have been distributed to town chairmen throughout the Township, ready for solicitors to use.

Persons who wish to make voluntary subscriptions without being solicited may see Mr. Enos at the Niles Postoffice or E. D. Meeker; Jack Rees at Centerville; Reverend Jackson Webster at Newark; Bob Wright at Irvington; J. E. Lewis, Alvarado; George Smith, Decoto Mrs. Lois Justus at the Mission San Jose Postoffice and John Smith at Warm Springs.

Business firms who wish to make subscriptions may contact A. J. Petsche, chairman of the industrial gifts committee.

The Township's quota is $17,000, which includes $2,000 for the support of Boy Scout activities throughout the Township for the coming year. The War Chest also includes the U. S. O. which provides recreation and comforts for fighting men all over the world. You may remember that two drives were put on for the U. S. O. alone last year.

In addition, the War Chest this year includes aid for Prisoners of War, for more than a dozen foreign relief organizations, for seamen of the Merchant Marine, and combines in itself a grouped charitable solicitation which will include all drives to come, except the American Red Cross and the annual March of Dimes for infantile paralysis prevention and cure.

Give all you can to the support of this very great undertaking.

NAVY NEEDS MEN TO HELP REPAIR DAMAGED SHIPS

The opening of a new recruiting campaign for procurement of qualified men for the Navy's new Ship Repair Units was announced today by Lt. Comdr. T. T. King, officer in Charge of Navy Recruiting Service for this part of California. The new drive coincides with the closing of procurement of SEABEES.

"The Ship Repair Unit personnel will undertake salvage and repair of battle-damaged ships at advanced naval bases and floating drydocks outside the continental limits of the United States," Lt. Commander King explained. "All men in SRU, of course, will be a regular part of the Navy. They will wear Navy uniforms, receive Navy training and enjoy Navy benefits."

Men between 18 and 37, inclusive, may enter this program through voluntary induction, while those between 38 and 50½ may enlist voluntarily. Although quotas are unlimited now and applications are being received without reservation, Lt. Comdr. King anticipates that procurement will ultimately be placed on a limited quota basis.

The SEABEE and SRU programs are almost identical, although in the latter, 17 year olds are not eligible, nor are storekeepers, yeomen, cooks, bakers or draftsmen. Among the many trades needed are caulkers, cement workers, coppersmiths, crane operators, drillers, electricians and foundrymen.

For full details, construction and ship repair men are urged to apply at their nearest Navy Recruiting Station immediately. In Oakland application may be made at U. S. Navy Recruiting Substation Room 222, Postoffice building.

Coming Events

FRIDAY

9:20 a. m. to 1:40 p m. Blood donor day at Memorial, building, Niles.

TUESDAY

Qualifying tests for the Army and Navy held at Washington Union High school.

1:30 p. m. Niles PTA meets at Grammar school.

7 p. m. Centerville Lions club hears Hugh A. Matier speak.

WEDNESDAY

Womens Guild Rummage Sale at Niles.

HUGH A. MATIER

FARM CENTER MEETS

CENTERVILLE — The Eden-Washington Farm Center met Tuesday evening in the high school cafeteria with H. Almeida directing and heard Arthur Shultis of the University of California discuss "The Farmer's Prospects for Making Money During the War and Thereafter." The Assistant Farm Advisor reported on Poultry Production and Costs.

LIQUOR LICENSE FEES ALLOCATED

SACRAMENTO — Allocations of alcoholic beverage license fees, amounting to $1,582,856, which sum is one-half of the amount collected for the period January 1 to June 30, 1943, was announced today by James H. Quinn, Oakland member of the Board of Equalization for the Second District. Mr. Quinn explained that this sum under the law is returned to the cities and counties from which it was collected and that under the legal opinion of the State Attorney General it is not only available but intended for use in those cities and counties for enforcing the provisions of the State liquor laws by local authorities.

Mr. Quinn stated that these funds $135,460 will be distributed in Alameda County, where $6,425 will go to the unincorporated area in the county.

HUNTERS KILL 20,202 DEER THIS YEAR

SAN FRANCISCO — A total of 20,202 deer have been reported taken during the recent open season in 29 Sierra counties. This brings the kill 467 ahead of the total kill in these same counties last year, and tags are still being received by the State Division of Fish and Game. This year's kill is some 7,000 less, as compared with the heaviest total kill in these counties, which was in 1940. However, considering the reduction in the sale of deer tags, the kill per hunter will very nearly approximate the ratio in 1940.

PHEASANT SEASON

SAN FRANCISCO — Pheasant season will open on Sunday November 28, according to L. F. Chappell, chief of patrol, of the State Division of Fish and Game. Many hunters seem to be under the impression that the season opens November 15 (the date last year), but this opening date was changed at the 1943 session of the Legislature, Chappel says. November 28 will be the opening day of pheasant season, and shooting will be permitted for 15 days. The season bag limit is ten. Four birds may be taken on opening day, and only two birds per day thereafter until the season's quota is reached.

HALLOWE'EN PARTY

Friday afternoon sixteen youngsters of the primary department of the Niles Congregational Sunday School enjoyed a Halloween party at the Church. They enjoyed games and refreshments of cookies and ice cream. Mrs. Donald Uischner was in charge with Mrs. Jerentz, Mrs. Waynflete and Mrs. Grabill assisting.

THE HUMBLE APPROACH

When an Englishman eats his monthly boiled egg he may be excused for approaching it in a reverential manner. Should he also burn incense and mumble a prayer he can still be excused. The English know what privation and empty stomachs are. Oranges and peaches sell there for $1 each—if you can find any.

We here in the rural districts of California pass by the groaning counters of fresh fruit: everybody and his neighbor has quantities of it. Notwithstanding that national food rationing has been in effect for more than a year we can still go to stores and come home with sacks full of unrationed foods upon which to gorge ourselves.

Or, in season, we can shoot ducks, doves, quail, pheasants, catch fish or in certain districts, kill deer with which to fill our tummies.

We Californians, and Americans as a whole, don't know what privation and self-sacrifice are. Whether this war is going to bring it home to us or not before it is won, is conjectural. But I doubt it. Our nation is so vast, our production and resources so great we will probably go right on being spoiled, well-fed and money-careless Americans. It seems to be our birthright. Would you trade it to be an Englishman, a Frenchman or a German? I wouldn't!

AT BIBLE SCHOOL

Miss Cleo Cooper, formerly of Newark, is now attending the Multnomah School of the Bible in Portland, Oregon. Mr. and Mrs. Riley B. Cooper, parents of Miss Cooper, now reside in Ord, Glenn County. Miss Cooper attended the local schools; graduated from Newark grammar school in '37 and from Washington High School in the class of '41. She plans to be a full time Christian worker and after receiving her training at Bible School, will attend college.

NILES LOCALS

A seven pound son was born last Thursday to Mrs. Harold Janssen, the former Mrs. Marjorie Moore.

Mrs. Gertrude LaPage, a nurse during the Spanish American war is stopping at the Hotel Belvoir just at present.

F. T. Dusterberry of Centerville, who was stricken with paralysis a month ago is still resting in the San Jose Hospital. He sleeps a great deal and is not able to talk yet.

Julia says— Don't you believe it!

EVERY WEEK I'm amazed at the number of letters we receive, starting off with "Is it true that . . ." and going on to ask about something which is almost in the realm of superstition. For instance, a surprising number of people still think it's dangerous to eat cucumbers and milk together, yet they will use a sour cream dressing on cucumbers. And so many have been asking questions about canned foods, I thought perhaps you too might like to know some of the answers.

HOME CANNED

"Is it true that I should cook home-canned vegetables before using?" Definitely yes! Each home-canned vegetable should be cooked for 15 minutes immediately after opening the container, even before tasting, to insure complete safety. And if you put some away for later use, that should be cooked again before eating.

COMMERCIALLY CANNED

"Is it true that the liquid of commercially-canned peas should be thrown away?" No! If the peas are good to eat, the liquid they're packed in certainly is too! Liquid in all canned foods is simply the water in which the food is cooked; it contains valuable food elements, and should either be cooked back into the food or used in sauce or soup.

"Is it true that I must cook commercially-canned vegetables after removing them from the can?" Again, no. Commercially-canned foods are already cooked thoroughly and may be used just as they come from the tin can.

FOOD IN OPEN CANS

"Is it true that it's dangerous to leave food in an open can?" No! The Department of Agriculture says of commercially-canned foods: "Whether in the original can or in another container, the principal precautions for keeping food are—Keep it cool and keep it covered." But the opened can must be immediately put under refrigeration.

"Is it true that food which has discolored the inside of a tin can is dangerous to eat?" No. You have noticed how silverware is discolored by the sulphur in a cooked egg; the same process sometimes discolors the inside of a tin can, but it's entirely harmless.

AND FINALLY:

"Is it true that you like to answer all kinds of questions on food, Mrs. Wright?" YES! But please, *oh please!* Make those questions definite and detailed when you write, and address your letters to Julia Lee Wright, P. O. Box 660-SS, Oakland 4, California.

Julia Lee Wright Director
Safeway Homemakers' Bureau

Needless to Say, Dot was Right as Rain!

The Government asks all of us to eat plenty of food but NOT TO WASTE any. Don't forget that "Food Fights for Freedom"—we must use it just as intelligently as any other war material.

SAFEWAY

A LITTLE LESSON FOR MOM

WISH I KNEW WHY WE HAVE TO SPEND SO MUCH FOR FOOD!
I WAS TALKING TO ANNE NEXT DOOR THIS MORNING. SHE TOLD ME ABOUT A STUNT OF THEIRS, WHICH MAY HELP SHOW US THE ANSWER. ARE YOU GAME TO TRY IT?
SURE. I'LL TRY ANYTHING TO CUT FOOD EXPENSE
THEN THIS EVENING GIVE JUST AS MUCH AS USUAL TO DAD, JIMMIE, ROBBIE, YOURSELF AND ME. AFTER DINNER PUT EVERYTHING YOU'D USUALLY THROW AWAY ON ONE PLATE. I'LL SHOW YOU WHAT I MEAN.
JUST LOOK, MOM! ROBBIE DIDN'T WANT ALL OF THAT SECOND CHOP, DAD ATE ONLY HALF OF HIS POTATOES, JIMMIE DIDN'T FINISH HIS SALAD AND WE'RE ALL STUFFED.
NEXT DOOR, THEY FOUND THEY'D BEEN THROWING AWAY LOTS OF FOOD. THEY PUT THE WHOLE FAMILY ON A "CLEAN-THE-PLATE" PROGRAM, WENT IN FOR BETTER MENU PLANNING, AND CAME OUT WITH A BIG SAVING.
I SEE, DOT. WITH THE GOVERNMENT ASKING US TO CONSERVE FOOD, EACH FAMILY MUST CUT DOWN ON WASTE AND WE CAN DO IT, TOO, WITH BETTER PLANNING.
FOOD FIGHTS for Freedom

What You Buy With WAR BONDS

Washing machines and other household appliances are not available today. Manufacturers have converted their plants to war work. If you save today, however, by **buying War Bonds,** this money saved will start these factories rolling and put millions of Americans to work after the **War is won.**

Join the payroll Savings plan at your office or factory. Save a definite amount every payday, **ten percent** or more of your pay check. **Your pay check today buys a payday for tomorrow** and gets you $4 back for every $3 you invest.

U. S. Treasury Department

Of every 100 American soldiers and sailors who served in World War I, two were killed or died of disease during the period of hostilities.

OBSERVE THANKSGIVING BY BUYING WAR BONDS

All Northern California is to have an opportunity to participate in the impressive Thanksgiving for America observance which has been sponsored by the Treasury's War Finance Committee for the week beginning Sunday, November 21, and concluding after Thanksgiving Day.

The observance will afford all loyal Americans an opportunity to give thanks anew for the blessings they enjoy as Americans and to express their thanks in a practical way—by buying extra war bonds so that those blessings may be perpetuated.

In scores of cities, towns and hamlets throughout Northern California, special programs will be held during this period, with speakers urging the citizenry to invest in extra war bonds so that the liberties guaranteed by our Democratic Government and for which we are thankful on this season may be preserved.

Women's clubs, service clubs, civic organizations, schools, lodges and other groups in community life will participate on an extensive scale.

In San Francisco the project has received the endorsement of the Board of Supervisors through a resolution which calls attention to "the opportunity to voice thankfulness for the blessings of democracy and the liberties we enjoy under our American way of life—the freedom of speech and of press, the freedom of worship, and the freedoms of assembly and petition." It concludes with a request that all groups join in the observance "to participate and to buy bonds in this period in order that the great American heritages for which we are ever thankful will be preserved for ourselves and for all mankind."

FARM LIFE APPEALS

A recent poll taken by the Magazine Fortune among American farmers shows that they like farming for the following reasons, in the order of preference:

Farmers are their own bosses.
They have "ample good food."
They have outdoor work, quiet and privacy.
A farm life is best for children.
Their wives agree, except that the good food angle comes first with them.

On the other hand, farmers dislike their work because of long hours and hard work, not enough money, insects and bad weather, lack of conveniences. It is interesting to note that farmers' wives, though they too put long hours and hard work first among their grievances, give second place to lack of conveniences, and third to a complaint not even registered by their husbands—lack of transportation. Both farmers and farmers' wives agree that what they would dislike most in living in a city would be overcrowding, noise and confusion.

Farmers feel that people in the country are kindest to their neighbors, healthiest, have the most fun, and get the most satisfaction out of life. They think that small towns come next, and big cities last in these respects, except that people in big cities have more fun than those in small towns. And yet many city people spend all of their spare time in the country. It's a funny world.

— W W —

REASONS FOR SUPPORTING THE WAR CHEST CAMPAIGN

The campaign is an essential part of our war effort, meeting vital, human needs on three fronts: the fighting front, through services operating on behalf of America's armed forces; the United Nations front, through allied relief organizations; and the home front, through community social welfare agencies. By strengthening these three fronts, support of the chest will bring a quicker victory.

By reducing 17 national war-related campaigns, formerly conducted independently, to one great appeal, duplication is eliminated, time, money and effort conserved.

The relief provided to war-stricken allied nations does not conflict with lend-lease, but rather supplements the government program.

The united nation-wide federation, of which the California War Chest is the state unit, assures efficiency in handling contributors' funds. Each organization included in the campaign has been approved by the President's War Relief Control Board; all beneficiary agencies are, therefore, worthy of support by the American people. Allocations to member agencies have been set by the budget committee of the National War Fund; since the budget is prepared on a nation-wide over all basis and has been carefully considered by the committee members, allocations to each organizzation have been equitably established.

The united program is flexible enough so that wartime relief needs which may arise overnight can be handled expediently and efficiently.

The quota assigned to each community is scientifically worked out, based on economic factors and population. This assures a "fair share" of the whole for assignment to each participating locality.

Gifts to the war chest will carry messages of interest and friendship to our war-stricken allies, thus fostering unity among the United Nations and building toward a sounder, surer peace.

Give as liberally as you can to the War Chest. You won't be approached again for public welfare needs except for the annual Red Cross drive and the March of Dimes.

YOUR'RE WELCOME

Township Register,
Niles, California
Dear Editor:

Navy Day in Southern Alameda County was splendidly observed by the citizenry and the various Church, School, Fraternal and Service Organizzations, but the fine coorperation that did occur could never have been made possible without the assistance your paper gave in the way of publicity.

The purpose of this communication is to thank you on behalf of the General Navy Day Committee for Southern Alameda County, for your kindness in publicizing the event, and the very capable manner in which you handled the situation.

Very truly yours,
C. D. Price
General Chairman, Navy Day Com.

NOTICE!

TO SUBSCRIBERS

Effective at once, subscriptions which are more than 60 days in arrears will be cancelled, after first sending due notice to the subscriber concerned, and giving him or her time to pay up.

The reason being that many good subscribers, either through carelessness or oversight, let their payments drag along half or even three-quarters of a year before they pay it, with the result that their subscription is nearly always in arrears. I can't do business that way, and, providing you wish to receive The Township Register regularly, it costs no more to pay for it at the beginning of the year than at the end of the year. Meantime, I have the use of your money during the year.

Another reason is that some few people deliberately let their subscriptions get a full year behind, and when I finally discontinue it, calmly say that they intended to order the paper stopped but "did not get around to it."

Meantime they get a year's subscription free, which is not fair to me, nor to the many hundreds of good subscribers who pay for their papers promptly and in full when the first subscription bill is sent.

Every subscriber is sent a bill promptly on the first of the month when it expires, so no one can say "I did not know when my subscription expired." In addition: the expiration date of every subscriber is stamped every week after his name on the upper right hand corner of the front page. If the numerals 5-44 appear it means you are paid up to May 1, 1944. If 9-43, then your renewal became due on September 1 of this year, and is now in arrears.

Your subscription is greatly valued, but it is useless to me unless it is paid for. Forty-seven subscriptions are past due as I write this, of which 17 are more than six months in arrears. As 15 new paid subscriptions come in unsolicited every month, thus increasing my income but also increasing my work, it is not necessary for me to carry subscriptions the payment of which is doubtful.

"Better four pages of live home news per week than no paper at all" during these difficult wartime days when help is all but unobtainable. In fact: if it was not for the very great kindness of Mrs. A. J. Cadero of Alvarado coming out of retirement to help me out, you would have no paper at all. Even if I were a linotype operator one man cannot do the work heretofore done by three men, even working nights and Sundays (which I often do.)

Thank you for your cooperation.
Gratefully yours,
Walter Waynflete

GAS and ELECTRICITY

UNCLE SAM asks you to be vigilant against waste, and practice war time economy in your use of Gas and Electricity. That means lamps and appliances must last longer. That brings about the savings of essential metals such as brass, copper, chrome, tungsten, etc. That means money saved with which to buy more War Bonds. Some useful suggestions for preventing the waste of gas and electricity are given below...

- A once-a-week dusting of lamp shades and bulbs can increase light output as much as 30 per cent.
- Wherever possible make a good reading lamp serve two or more members of your family.
- Use the right lamp for every lighting need. You get 50% more light from a 150 watt globe than you do from THREE fifty watters.
- Keep your refrigerator at medium or economical operating speed. Defrost once a week and add years of life to your refrigerator.
- Set hot foods aside to cool oft to room temperature before you store them in your refrigerator.
- Repair dribbling hot water faucets. 90 drops a minute waste 350 gallons of hot water in a month.
- For a quick hand rinse use cold water. Why draw gallons of hot water through cold pipes for half pint use?
- Use your range oven for roasting and baking... not for heating.
- When a pot boils turn the heat low. Food cooks just as quick and your kitchen gets less steamy.

750 MAIN STREET TELEPHONE NILES 3681

HOW TO USE YOUR NEW RATION BOOK NO. FOUR

The green stamps of the new War Ration Book Four, distributed in Alameda County between October 20 and 22, will be used to buy canned fruits and vegetables beginning November 1.

In making the announcement, the Office of Price Administration declared the book contains both point and unit stamps. It has eight pages containing a total of 384 stamps printed in blue, red, green and black inks.

The first series of green stamps —A, B and C—will be valid from November 1 through December 20. Under the customary overlap, the last blue stamps of Book Two—X, Y and Z—will be valid until November 20.

Values of the green stamps will be the same as the blue, with each group containing four stamps worth 8, 5, 2 and 1 points.

The green stamps will be used for processed foods only until the ration "token" system goes into effect early next year. Thereafter the blue and red stamps of Book Four will be used for processed foods and meat in conjunction with red and blue change tokens.

S. F. AREA FASTEST GROWING IN NATION

SAN FRANCISCO — San Francisco and five other Bay counties gained more in population recently than any other area in the United States, except Washington, D. C.

Statistics just released by the United States Bureau of the Census show that the San Francisco area gained 254,279 inhabitants between April 1, 1940 and March 15, 1943.

Increases in other Pacific Coast areas were as follows: Los Angeles, 191,745, San Diego, 103,640; Seattle, 102,955 and Portland 79,281.

The census figures lend further weight to the belief that the San Francisco Bay area will be one of the major metropolitan areas of the nation after the war.

352 ANTELOPES TAKEN

SAN FRANCISCO — Early reports on the recent antelope hunt reveal that 352 antelope were taken by hunters during the ten day season, according to J. S. Hunter, chief of the Bureau of Game Conservation of the State Division of Fish and Game. Of the 500 persons to receive antelope permits, 378 hunted, of which 93 percent were successful. Twentyfour permittees reported that they did not hunt, for various reasons, and the remaining 98 have been contacted by postal card to determine whether or not they hunted.

COUNTY CIVIL SERVICE EXAMS

OAKLAND — The county civil service commission will receive applications for the job of service officer, salary $170 per month, up to Monday, November 1; for junior social worker, women, salary $140 per month; men, salary $150 per month, up to November 8; for field visitor, men and women, salary $155 per month, up to November 8; for deputy sheriffs, salary $195 per month, applications received any time.

Further details may be learned by writing or calling at the board's office at room 205, county courthouse.

Frank Madruga was operated on for appendicitis last week and is getting along satisfactorily.

COUNTRY CLUB MEETS

CENTERVILLE — The regular meeting of the Country Club of Washington Township was held Tuesday afternoon in the clubhouse here with Lieut. Irene Williamson, U. S. N. R. as guest speaker who delivered a vital message. A program of music was also enjoyed.

SLOW DRIVING SAVES YOUR TIRES DIRECTOR SAYS

SACRAMENTO—Continued observance of the 35 mile speed limit was advocated today by the Department of Motor Vehicles as the best method of keeping all California cars rolling for another year.

Director Gordon H. Garland reported that investigations by the Department, based on findings of the Federal Public Roads Administration, indicate tires wear out four times as fast at 65 miles per hour as at 35 miles per hour.

In listing speed as the most important factor in tire wear, Director Garland said studies by the federal agency showed tires that will produce an average of 18,700 miles at 65 miles per hour would produce 56,500 miles if driven over the same roads at 35 miles per hour.

YANKEE SHORTCUP RESULTS IN "JEEP"

That small, hard-riding, dependable Army conveyance which made its debut during the early months of the war as the "jeep" is but another instance of where American names are often the result of Yankee shortcuts in language.

The California State Automobile Association reports that the original Army specifications for this bantam scout car called for a "general purpose" vehicle. Later this was shortened to "GP" to speed paper work and slurring of the two letters together in the coining of the word "jeep."

DEER SEASON, MEBEE?

SAN FRANCISCO — There will be a meeting of the Fish and Game Commission in San Francisco October 30 to decide the areas in the northern California coastal district that will be opened to a special deer hunting season. At that time the dates when hunting will be permitted, and other regulations for conducting the hunt will be made.

6 Pints Of Blood, Donated in U.S., Save 2 Kentuckians In Ireland

U. S. Army Signal Corps

AMERICAN BLOOD IN IRELAND SAVED THEM: Casualties in the line of duty in Northern Ireland, two Halloran General Hospital patients—both from Kentucky—discuss the merits of Red Cross blood plasma, credited with saving their lives. They are Corporal Charles E. Mattingly (left), 18, son of a Hardinsburg architect, who was given the first of five transfusions in an ambulance, and Private John D. Walker, 23, whose father is a florist in Louisville. Mattingly was with an Armored Forces unit, Walker with the Quartermaster Corps.

ANNUAL YULE PARTY IS PLANNED BY CLUB

CENTERVILLE — A party for the children and grandchildren of members will comprise the annual Christmas program of the Country Club of Washington Township.

At a recent meeting at the home of Mrs. Frances Coefield the following committee was appointed to arrange the affair: Nila Connolly, Alberta Hirsch, Harriet Thornburg, Gwen Goodale, Joe Walton and Claribel Norris.

The group also voted to act as hostesses at the Hayward Hospitality House on December 2 with the following in charge of securing refreshments to be donated by members: Mrs. Hirsch, Mrs. Goodale, Mrs. Blake Hill, Mrs. Thornburg, Mrs. Ted Logan and Mrs. Ruth Robbins.

Half the proceeds of the operetta recently sponsored by the drama section will be donated to the War Chest.

Look for it in The Township Register.

CAR-SHARING DECLINE REPORTED BY C. S. A. A.

Car-sharing is declining and the slackening of effort is a serious blow to the war-time conservation of cars and tires reports the California State Automobile Association. Citing figures from the Highway Traffic Advisory Committee to the War Department, the motorists organization states:

"The apparent slackening of car-sharing efforts is a serious blow to the conservation movement inasmuch as voluntary cooperation has greatly augmented enforced compliance with car-sharing requirements and thus rendered stricter enforcement measures unnecessary."

It is pointed out that the car-sharing had not reached a saturation point and that when more than fifty percent of all drivers in the urban general class still ride alone "there is obviously room for improvement."

The pupils at Niles Elementary school enjoyed a Hallowe'en party at the school Friday evening.

RATION DATA

Meat, Canned Fish, Butter, Cooking Oils—Brown G valid through December 4.

Sugar—Stamp 29 in Book 4 now valid for five pounds of sugar through January 15.

Processed Fruits and Vegetables —Blue X, Y, Z, Book 2 through November 20.

Shoes—Stamp 18, Book 1 indefinite; "Airplane" stamp 1, Book 3, November 1 to May 1, 1944.

Gasoline—A coupon 8, three gallons, through Nov. 21: B, C coupons, three gallons.

Tire Inspections—A tires, March 31; B tires, January 31; C tires, November 30.

California has twelve mountain peaks with an altitude of more than 14,000 feet.

The Spaniards first introduced irrigation into California a century and a half ago.

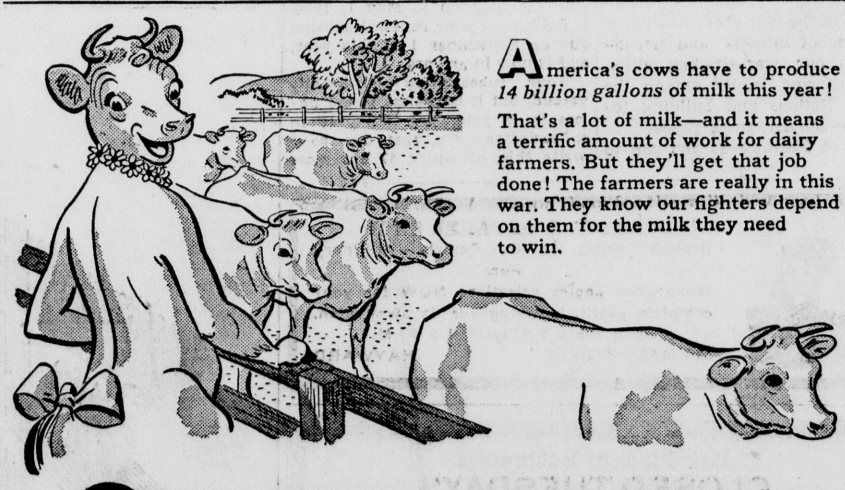
NEWS FROM THE FOOD FRONT
by Elsie, the Borden Cow



America's cows have to produce *14 billion gallons* of milk this year!

That's a lot of milk—and it means a terrific amount of work for dairy farmers. But they'll get that job done! The farmers are really in this war. They know our fighters depend on them for the milk they need to win.

The hand that feeds us, needs us! Men, women, boys and girls—enroll *now* in the U. S. Crop Corps. Sign up now at your nearest Farm Labor Office. Help save California Crops for Victory!

THE BORDEN COMPANY can tell you *plenty* about the farmer and the magnificent job he's doing! We've worked with him for over 80 years — and this year, especially, he deserves America's thanks and help.
